What's New In Wikiwand: Wikipedia Modernized - For Chrome?

Wikiwand: Wikipedia Modernized is an extension for Google Chrome and Mozilla Firefox that is designed to take all the information presented in a Wikipedia page and turn it into a beautiful, clean, and concise presentation. It does so by rearranging all of the information, making it look more readable and attractive by using whitespace as a visual separator. This extension also includes a quick access button, a toggle for a dark/light theme, an option to switch the font style, and an option to change the page's language. That's all, just the beginning. Wikipedia, what would you want to change in it? Permissions: All of the features of this extension are in full compliance with Wikipedia's community policy. You can also go to sign up for a free trial account to use Wikipedia with privacy. Wikiwand: Wikipedia Modernized is available for both Google Chrome and Mozilla Firefox browsers. Tags: Wikipedia customizerWhen your look at some of the galleries on the site there is often a specific feel to them, a 'we don't quite know what you are talking about', which means that despite looking at them for the entire duration of my life and having been to their opening nights, I don't really know what art is supposed to be about. Maybe it's the setting, the gaze that provokes you into thinking about the gender of the artist, or the celebration of the body. Perhaps it's the fact that in the mid 90s there wasn't a name for it – even when people got hold of the fact that they were bodies, it was seen as a pleasurable thing rather than as something to be outraged about. I couldn't have explained it to a third-year undergraduate student at art school. I wasn't there yet – where was that place called? If art wasn't a problematic process for me when I was in my early 20s, I'd have to assume that it was never problematic for anybody else. People who had little or no faith in art or in the people who make it, couldn't actually explain their feelings on the subject. I understand now that when someone made a point of how much they didn't understand about art, it was a way of turning themselves into the bearer of the best argument, but it was also an indication of their own impenetrable understanding of it. It's not that I was better at art than they were, but that I was better at not being inarticulate. It was only at some point that I went through my 20s, my 30s and my 40s that I
