Megaaquarium is a highly-detailed aquarium sim with a unique fish player-vs-environment gameplay mechanic. Whether feeding, breeding or fighting, each new game of Megaaquarium begins with a random hand-crafted ecosystem, threatening your flourishing reef with new fish, dangers and features. Gameplay You are in charge of the quality of your aquarium, and hence the quality of life of the hundreds of species you care for. Grow your fish from eggs to the next generation by breeding them in your custom breeding pool and prepare them for the ultimate food fight - the splashdown! Become a true reef star with the help of different tanks, submersibles and other apparatuses. Every new aquarium has a unique set of fish, dangers, decorations and challenges. Every fish is a unique enemy, with its own attack behaviours and forms of aggression. Your fish can develop immunity to diseases and toxicities by keeping them as long as possible and feeding them fresh food. Features - A detailed and deep simulation, with hundreds of fish, dangers, decorations and more - A unique "feed your fish" approach to gameplay - feed, breed, play and grow your own reef - Multiple character customization with over 60 and the chance to swap your tank wall for a 3D aquarium - Supports both PC and Mac - Play casually and with friends, or try out the hardcore mode in sandbox mode - Real-time ocean updates, storms and avalanches - Fish can feed and breed on your friends' games - Various currency systems, moods, work and hard times - Four different paths to play the game (story, sandbox, hardcore, hardcore beginner) - The possibility to migrate from the full version to the free version - Over 50 achievements, RPG style - GameCenter online leaderboards - "Cruelty" option, which can trigger a "Game Over" and a short time limit when feeding your fish - A thriving community of players - Sort of bank, currency, illness and stress simulator, where you can acquire fish and buy equipment for your aquarium - 24 high quality 3D models - Autosave game and profile - Profiles can be shared across your family - Offline, no internet required - Save and resume your game after 3 minutes of interruption - Autoplay - Play online with your friends or against your CPU opponent How To Play Each level of the game has three simple steps: - Feed
