ke flack boat serial key for windows 7 crack Deo enemicao crack for office 2011 ultimate portable serial downloadHistamine plays an important role in various allergic diseases, and a histamine H3 receptor antagonist is used as a pharmaceutical for such diseases (Patent document 1). As the compound having histamine H3 receptor antagonistic activity, imidazo[1,2-a]pyridine derivatives have already been reported (Patent document 2 and Patent document 3). More recently, imidazo[1,5-a]quinolines are reported as having histamine H3 receptor antagonistic activity (Non-patent document 1).Q: How can I find the row IDs for which there are 4 or more values for a given column? I have a table, and I want to find the IDs for which there are 4 or more of a given value in a given column. I.E. Let's say I have this table: ID Value 1 5 2 5 3 4 4 4 5 5 6 5 7 4 8 5 9 5 10 5 11 4 12 5 13 4 14 6 15 5 16 6 17 6 I want to find the rows for which there are 4 or more 5s in the Value column. Therefore, the output I'd like to have is: ID 3 4 5 11 A: To get the 3, 4, 5 values you can use a query like this: SELECT Value FROM YourTable WHERE ID IN (SELECT ID FROM YourTable GROUP BY ID HAVING COUNT(*) >= 4) To get the unique IDs, just change FROM from your query to FROM YourTable GROUP BY ID. A: You could use a having clause: select id from yourtable group by id having sum(case when value = 5 then 1 else 0 end) >= 4; You could use a similar query for finding 3 or more 5s in the column: select id from yourtable group by id having sum
